FOR YOUR 1935 CATALOGUE

Some seedsmen have overlooked the wonderfully profitable possibilities of offering and pushing Sakata's **All Double Petunia**. This is an item you should not miss because it is probably the most talked of flower available today. Attention to it has been virtually forced on the public, having been mentioned by **Ripley** (Believe it or not) and also in a recent article in "**Fortune**." Contrary to the general belief, it is of easy culture and a sturdy, vigorous grower. Consult our 1935 catalogue, or, better, drop us a line so that we may send you illustrations and further particulars.

A few other items you should list are:

Portulaca, double strain—This cannot be beaten as the parent plants are reproduced from cuttings and will therefore yield a minimum of 85% double flowers.

Phlox drummondii—Sakata can make early delivery of high germinating seed and this is very important as Phlox is not produced in the United States(but must be imported from Europe where the crops mature late).

Celosia, Flame of Fire—This is a prize winner, one already popular. We have excellent half tones and color plates to help you feature this novelty of greatest merit.

Pansies—We can actually offer you better Pansies than most of our competitors and you should not overlook the new and improved varieties T. Sakata Company are ready to furnish. Prices are very much in line.

Lilium philippinense—As this strain flowers from seed the first season producing full size blooms, it is called Dream Lily. No seedsman can afford to miss this novelty.

Early orders are essential and as on such we can allow a discount, it will be well worth your time to investigate your 1935 crop requirements immediately.

FLOWER SEED at WHOLESALE

ALL-DOUBLE PETUNIAS

SAKATA'S ALL-DOUBLE GIANT FRINGED STRAINS represent the highest horticultural accomplishment in this field. Acknowledged by countless testimonials to be 100% double, of stocky, healthy habit, and profuse bloom, little can be added. Flowers frequently exceed five inches in diameter and are exquisitely ruffled and fringed in a vast range of brilliant and intermediate colors. Being real money makers, they are in strong demand by florists. There are two strains:

PETUNIA ALL-DOUBLE GIANT FRINGED MIXED COLORS:
